

CARRINGTON MacDUFFIE

Far-reaching influences of a musical New York childhood weave through Carrington's unusual, hook-laden songs and stand out in her new album **Sweet Little Mystery** which evolved through rapid spiritual and personal growth into the form of dynamic music. Pulling from all facets of life, Carrington channels her diverse musical tastes into an edgy blend of roots, pop, and rock, resulting in a sound all her own.

Following a 2-month tour of the United Kingdom in 2019, including several recording sessions in Glasgow, Carrington returned to the United States to complete the tracks for the new record.

She's also busy with her career as a renowned and versatile voice actor, having voiced biographies of Pussy Riot, Joni Mitchell, and Jack Kerouac, and video games including World of Warcraft, in which she played a shamanic Scottish Dwarf.

Carrington says, "It's all about adventure. I see the world as one big art happening, and I love participating in it."

- Toured extensively in the United Kingdom, Germany, Belgium, The Netherlands, France, and the United States.
- Has narrated over 250 audiobooks, with Audio File Earphones Awards for numerous titles including THE PARIS WIFE and RODHAM and multiple Audie Award finalists including Best Original Work and Distinguished Achievement in Production for MANY THINGS INVISIBLE.
- Widely published poet with one book out, "On the Dreaming Earth," having done undergraduate work at Johns Hopkins and Harvard, with a Bachelor's in English plus postgraduate work at Boston University.
- Trained in small plane piloting, target shooting, ballroom dance, water ballet, and performance driving.
